## Letter from the President

### Hello to everyone in Greater Idlewild

Spring has arrived in the mountains. Unlike last year, plenty of snow arrived this winter, which will green up the vegetation and help to replenish the lake. All regional ski areas received over 100 inches of snow, with late snow showers highly probable. The talk in Eagle Nest is that the lake level is expected to rise 10 to 15 feet. The scenery through Cimarron Canyon should continually improve during spring and summer.

The burn ban was lifted in August of last year. Outdoor recreational fires not over 3 feet in diameter are permitted in manageable sites. Larger fires will require a permit. Please consult the Colfax County website for details.

We had a few questions raised about the Idlewild waste disposal fees. Maxi Millican made a great explanation about this in the Spring 2018 president’s letter. A visit with the Village manager disclosed that Eagle Nest residents pay a \$16.00 monthly disposal fee. Yearly, this is about \$10.00 less than the Idlewild fee. It appears that the difference is not significant, but individuals are free to discuss their concerns with Village management. Eagle Nest is very intent on completely funding the trash disposal cost.

Most of you observed some of the upgrade work performed on State Highway 127. The district highway department plans to finish the road with chip-seal early this

summer. They will try to communicate a time, but this work will be scheduled within the priority of other road projects.

Concerns were expressed about people driving at unsafe speeds on Highway 127. Some residents felt that chip-sealing might encourage higher rates of speed and were curious about establishing an “enforceable” speed limit within the community. Idlewild has no legislative authority and Highway 127 is a state road. New Mexico can conduct a radar survey to monitor road speed, but some guidelines will need to be discussed with District IV in Las Vegas. The board

needs comments from the residents to ensure a meaningful survey, or if a survey is desired by Idlewild. New Mexico can post speed limits, but enforcement may be problematic.

Given Mother Nature's continued bounty, this summer should be extremely enjoyable. The newsletter will have the dates of noteworthy activities. Don't hesitate to use the Community Center for social events. Thanks to Earl and Becky O'Steen, the Center now has a refrigerator. Also, don't hesitate to view the Preacher Cabin upgrades. Thanks primarily to Mat McKee, an Idlewild hired contractor, and help from Don Woolsey, we have a residence to be proud of. A few touch-ups and final painting are needed to finish the project.

We hope to see you on the mountain. Come early and stay late!

—Walt Davis, IWCC President

## Community Directory & Maps

Due to a two-year uptick in real estate transactions, there are quite a few changes to the Idlewild Directory, J.W. Dickerson detail map, and the Idlewild Community Map. Corrections are in progress for a printed 2019 Idlewild Community Directory edition to be completed in May. The updated maps will be sent to Webmaster Craig Sutton, who will post them on the [www.idlewildcommunity.org](http://www.idlewildcommunity.org) website in PDF format. Directories will be mailed to early assessment donors, and the Caretaker will hold extra copies for sale throughout the year.

—Frank Ray, Data Management Chair

### Visit Bosco!

When you're walking around Eagle Nest, make sure to visit Bosco, the resident celebrity. Bosco will be 24 years old on July 4th. Bring him some carrots or an apple and he will love you forever!

## The Goose Report

Welcome to spring! We had quite a wet winter with lots of snow. If the moisture continues, we shouldn't have the fire dangers we had last summer. However, we should still be diligent in the cleaning up of wood and slash around our properties. Below are items of interest for this summer:

- The environmental project that was developed in partnership with the Mutz Ranch is now complete. The site has brought in elk, deer, birds, and green grasses. In addition, the site helped to stop erosion that was damaging the property and became an environmental green belt.
- With the same concept in mind, we began an environmental project on Idlewild Community property last fall, hoping to achieve the same effect. There is a large erosion area down the hill from Road 12 that is affecting some of the oldest trees in Idlewild. It was used as a wood-dumping area previously, but we're trying to organize the wood and slash to create another green belt erosion control site. I need help with this much larger project and would like to have cabin owners get involved, since it directly affects Idlewild. I would like to get a work crew together in July to cut wood (bring a chainsaw if you have one), use the chipper, and organize the slash that will be put into the area. We can schedule work times as people are available. In addition, for those who help

with this environmental site, there is ample wood available that you can cut up and take to your cabin. I have the materials, you supply the labor, and it's a win-win for all.

- If your cabin doesn't have the updated fire exit and IWC policy map that was updated last summer, contact me and I'll get you one.
- During Sunday worship services, per the Fire Marshal, please use Road 6 and park in the designated parking area. Road 8 will be closed for emergency access during events at the Chapel and the Community Center.
- An updated list of contractors and service providers is on the IWC website [idlewildcommunity.org](http://idlewildcommunity.org). Contact the Caretaker through the link on the website or feel free to call me directly for services. I am happy to help you find someone based on your needs.
- Make sure you are connected to the IWC Facebook page for updates and information.

- Once again, Game Nights will be held on Thursday evenings from Father's Day through Labor Day. Lots of games are available for children and adults. Also, after dark there will be astronomy viewings. In addition, there is a book/DVD exchange in the Community Center available for your use. Feel free to take one or share one.
- The Community Center will be open all summer for families to use. If you want to reserve it for your family event, please contact Sue Dorr or me.

I look forward to seeing you this summer!

—Kevin (Goose) Jarigese,  
Idlewild Caretaker

## Guest Ministers | Summer 2019

June 16	Rev. Stephanie Bankhead	Pinnacle Church	Amarillo, TX
June 23	Rev. Lewis Holland	Methodist	Amarillo, TX
June 30	Rev. Dan Evans	Methodist	Kansas City, MO
July 7	Rev. Nick Garner	Presbyterian	Amarillo, TX
July 14	Rev. Howard Griffin	Presbyterian	Amarillo, TX
July 21	Rev. C.W. Parker	Baptist	Abilene, TX
July 28	Rev. Natalie Lowe	God of Wonders Independent	Amarillo, TX
August 4	Rev. Colin Bagby	Methodist	Houston, TX
August 11	Rev. Johnny White	Baptist	Horseshoe Bay, TX
August 18	Father Randall Trego	Episcopal	Houston, TX
August 25	Rev. Jeff Knighton	Christian	Pampa, TX
September 1	Dr. Troy Messenger	Union Theological Seminary	New York, NY

## Worship Center News

Exciting things are in store for our Worship services in 2019. We have twelve outstanding ministers planning to be our guests and share a message. Half of these ministers will be first-timers! They look forward to meeting you and enjoying the hospitality of Idlewilders.

It is also exciting that Idlewild has a new Worship Chair who is dedicated to securing outstanding ministers for us each Sunday of the summer months. Laura Oheim (lovely wife of Kurt Oheim) will now assume the position of inviting our guest ministers. You can reach her by email at [lauraoheim@me.com](mailto:lauraoheim@me.com), or phone her at 806-654-0585. She has already proven to be a great asset to our community.

Thanks to your generosity, we have been able to close up the unwanted openings in the minister guest cabin and apply new siding. The dedicated Idlewilders working on this improvement have been Don Woolsey, Jerry Thomason, Maxi Millican, and Donna Porter. You may still contribute to covering the cost of this effort by sending your check to Treasurer Gabe Thornhill (1926 Cypress Point W., Austin, Texas 78746) and marking it for "Minister Cabin."

The first minister will occupy our guest cabin about

June 10th, so we need to be preparing for her arrival. Thank you for showing your interest in caring for our Idlewild property.

Please travel safely as you return to our beautiful mountain.

—Donna Porter, Worship Center Coordinator

Work in progress on the Preachers' Cabin. Siding in place and painting to be completed when weather permits. Work being completed by Mat McKee, owner of Wood Mechanix in Angel Fire.

## Idlewild Events | Summer 2019

June 16 to September 1	Worship Service at the Chapel every Sunday at 10:30 a.m.
June 20 to August 29	Game Night Thursdays at the IWC Community Center at 7:00 p.m.
July 3	Annual Hot Dog Cookout at the IWC Community Center at 5:00 p.m.
July 6	Poetry Party at 5:30 p.m. at the Colson Cabin, 29 Road 4. RSVP to 214-212-5164.
July 27	IWC Annual Board of Directors Meeting, 10:00 a.m. at the Community Center
July 28	Annual IWC Potluck Lunch following Worship Service at the Community Center
July 28	Annual IWC Meeting at 12:30 p.m. at the Community Center
September 1	Final Worship Service followed by End of Season Potluck at the Community Center

*Hot Dog Social, July 3, 2018*

## Community Events | Summer 2019

June 1	National Trails Day hike. Location and time TBD.
June 1–2	Pike Tournament on Eagle Nest Lake. Call the Fly Shack at 505-485-8328 for more information.
June 21–September 9	Farmers Market every Friday morning from 10:00 a.m. to 1:00 p.m. at the Golden Eagle RV Park.
June 22–23	Paddle It! Canoe, Kayak, and Stand Up Paddle Board event on Eagle Nest Lake. Call 505-603-9985 for more information.
June 28–30	2nd Annual Eagle Nest Cowboy Fest. Visit <a href="http://eaglenestchamber.org">eaglenestchamber.org</a> for details.
June 28–July 7	Week-long activities to celebrate the 4th of July. Visit <a href="http://eaglenestchamber.org">eaglenestchamber.org</a> or pick up a schedule at the Gateway Museum & Visitor Center.
July 4	Eagle Nest Parade   Firemen's BBQ   Fireworks over the lake at dark.
July TBD	FRIENDS of the Eagle Nest Lake & Cimarron Canyon State Parks Annual Summer Meeting and Potluck. Meet at the Eagle Nest Lake State Park Visitor Center at 5:30 p.m. Visitors Welcome!
July 27–28	37th Annual High Country Arts & Crafts Festival hosted by our own Glenda Stickney and Lynn Hatfield. Volunteers needed! If you plan to be at your cabin during this time, plan to attend and help out at the Festival. Your support is greatly appreciated. Plus, it's fun!
August 3	River Roundup on the Cimarron River.
August 16–18	4th Annual EagleFest with music, hot air balloons, fun run, plus more. Visit <a href="http://eaglenestchamber.org">eaglenestchamber.org</a> for details.
September 21–29	27th Annual FishFest. Call 575-377-6941 for more information.

## Road Report

*Skip Johnson, Road Committee Chair*

Fortunately for the Moreno Valley, this past winter was snowy. The lake, wildlife, trees, grass, and wildflowers will all benefit from this. Of course, a great deal of snow can make getting to your cabin an experience. During the winter it is always advisable to call our Caretaker, Kevin Jarigese, to inquire about conditions in Idlewild and to inform him of your planned visit. If Kevin advises that snow conditions are severe and will most likely prevent you from reaching your cabin, please take his advice and reschedule your visit if possible.

You should have a four-wheel-drive vehicle for use in Idlewild in the winter. Even if conditions are fine when you arrive, they can deteriorate before you are ready to leave. Kevin does a great job keeping the roads as passable as he can, but sometimes travel is inadvisable even with a four-wheel-drive vehicle.

Kevin has done a yeoman's job keeping most roads open this past winter. When he uses the tractor for snow removal, two things result: a cleared road and a roadway without a crown, because with each tractor pass the roadway becomes flatter as material is pushed from the middle of the road to the edges. In the spring when snow begins to melt, it is necessary to get that melt water off the road as quickly as possible. (We've all seen what happens when water runs down the road. The result is not pretty! And the ditch produced by melt water running down a road is dangerous.) To ensure that the water gets off the road as quickly as possible, the roadway needs to be re-crowned. Kevin uses the tractor to pull roadway material back from the edges of the roadway toward the roadway center to re-crown the roadway so that water runs to the sides of the road and off it. He has now started this process as the ground begins to melt with the arrival of spring. It's a tricky process because it has to be accomplished while the roadbed is wet enough to work but not too muddy.

As of this writing, Kevin is working on all our roads where they intersect with the state highway (Idlewild Highway 127) and is draining mud holes in the roadway in preparation for the re-crowning. A location that had severe mud hole problems in previous years is Road 15 just off Highway 127, where the creek crosses Road 15. Work last year and attention at the end of the past winter has kept this spot better than it had been in many years.

For spring visits to Idlewild and during the summer following rain events, please remember not to drive through mud holes if possible, and not to repeatedly drive in the same tire tracks.

## Visit the IWC website for updates and information

Forms for Changes of Address in the Idlewild Directory, Memorial Donations, and Memorial Plaques, which previously were included in the *Idle Times* newsletter, are now listed on the Idlewild website at:

## Firewise Community Activity for 2018

Progress with our Firewise effort in 2018 was remarkably successful, thanks to a large number of participants, very fine vegetation removal and advisory work by the Caretaker, and better understanding of the various parameters for the annual data reports. The Firewise report is sent to a New Mexico liaison officer via an internet portal. Many of our residents have scant knowledge of the four major data standards that Firewise USA has established for (1) proximity zones cleared of combustibles, relative to a cabin or house

on a lot; (2) quantity of vegetation units removed from each area; (3) out-of-pocket expenditures related to wildfire risk reduction; and (4) volunteer-hours of manual labor spent on the mitigation. A set of PDF pages showing the nature of the portal is being developed to explain how your efforts for the year are logged in a national unified system. We will use our email server, MailChimp, to broadcast information related to these standards. The unified standard data form allows statistical analyses in the future across the United States

that will measure the benefit of risk mitigation in the wildland-urban interface.

IWCC's Firewise management has been able, to date, to convert submitted data in all circumstances to the portal form. This is an indicator of an excellent effort for the portal design by Firewise USA. Our community has earned a new sign announcing our success in 2018. This will be delivered to the Caretaker for mounting in early summer.

—Frank Ray, Firewise  
Community Representative

## MailChimp Email Server

As of March 29th, we have 279 subscribers to our MailChimp list. One hundred-forty have opted to receive the *Idle Times* by email, starting in 2020. To subscribe, open [www.idlewildcommunity.org](http://www.idlewildcommunity.org) and click on the green button next to "Join our Mailing List." This will open a window to MailChimp, where you can enter your personal contact information. To avoid interlopers, the fields marked with an asterisk are mandatory. The email address you enter will be used by the IWCC for community messages only, and will not be shared with outsiders. Either you or a resident administrator appointed by the Board of Directors can make changes to your subscription record.

The administration would prefer that you control the data in your own record. MailChimp can be used for commercial communication such as ads, but not by the IWCC. The goal of having all residents in the community registered in MailChimp by 2020 was set by the Board of Directors several years ago.

—Frank Ray, Data Management Chair

## The FileMaker Database

As the annual assessment donations were received and logged by our Treasurer, Gabe Thornhill, he mailed all of the stubs, most of which had recent changes, to me. These were applied to the database, working from Gabe's logging/deposit sheet. Other changes (departures, property sales, etc.) collected in 2018 were also added. Our database has a total of 387 records to date.

If there is anyone in the community with experience in data management and an interest in serving the Idlewild Community, there may be a position for you on our management team.

—Frank Ray, Data Management Chair

*The MailChimp!*

## Board Nominee Biographies for the 2019 Elections

### Walter Davis

I'm the oldest of four children born to Jack and Dorothy Davis, and was raised in the farming community of Wildorado, Texas. I graduated in 1969 from Vega High School and studied at Amarillo College, Texas A&M University, and Colorado State University. Since 1978, I've been associated with the livestock feeding profession as an active nutritionist and manager of multiple feed plants serving feedlots, dairies, and range cattle in Texas and neighboring states. My status is currently part-time, with intent to retire January 1, 2020.

My family began residing in Idlewild in the early 1900s at 267 Highway 127. In 1998, my parents built another residence at 258 Highway 127. In 2007, in partnership with my sister Pam Stork, we assumed ownership of both family properties. My wife Beverly and I vacation in Idlewild as often as we can and enjoy the beauty and companionship that our second home has to offer.

### Rick Hullum

I'm Rick Hullum, of Blanket, Texas. I first visited Idlewild in 2010. My wife Laura and I purchased and renovated her Chism family cabin in keeping with its origin. My in-laws were guests of brother Ed and Esther Sluder in 1978 and bought the cabin at Highway 127 and Road 4.

I was born in Midland, Texas, and am a graduate of Universal Technical Institute in Phoenix, Arizona. In 1998, I incorporated Quality Body Works of Brownwood, Texas, a preferred collision repair facility. Laura is a registered nurse and is case manager for Elara Caring. We are members of Midtown Baptist in Brownwood. We have four adult children in Dallas Fort Worth, The Woodlands, and College Station. I am a new grandpa looking forward to having our grandkids in Idlewild. When I'm not working, I enjoy bowhunting, hiking, wakeboarding, snowboarding, reloading, offroading, camping, shooting long range, and pistol matches.

### Louise Montague

I am Louise Montague. My husband Fred, our dog Buddy, and I spend the summers at the Klondyke Gold Mine and winters in Scottsdale Arizona.

I retired a year and a half ago from my 32-year career as a flight attendant with American Airlines. I enjoy hiking, yoga, water aerobics, traveling, and gorgeous mountain afternoons on our deck with friends and family.

### Percy Reid

I have been coming to Idlewild for forty years and consider our cabin on Enchanted Drive our second home. My wife Maxene, our children, and I have always enjoyed our time here.

After a career as an electrical engineer, I retired and now can spend more time on activities in Idlewild. I am now completing a one-year term on the IWCC Board of Directors, and I would be pleased to be able to continue serving on the board.

## Proxy - Nominations for 2019 Elections

The Nominating Committee for the 2019 elections (Don Woolsey and Sue Dorr) has nominated the following individuals for a three-year term ending in 2022 on the Board of Directors. See information about each individual in this newsletter.

NAME OF NOMINEE	FOR	AGAINST
Walt Davis .....	<input type="checkbox"/>	<input type="checkbox"/>
Rick Hullum .....	<input type="checkbox"/>	<input type="checkbox"/>
Louise Montague .....	<input type="checkbox"/>	<input type="checkbox"/>
Percy Reid .....	<input type="checkbox"/>	<input type="checkbox"/>

After making your selections, this proxy letter should be sent to:

The Idlewild Community  
PO Box 225  
Eagle Nest NM 87718

Use this document to mail. You may cut out this page and fold it in thirds so that the address on the back is in the proper place. Tape the page shut and adhere postage.

Submissions must be received by Friday, July 26, 2019, in order to be counted.

Proxy: For the member of Idlewild Community Center, a New Mexico Corporation, this proxy is solicited on behalf of the Board of Directors.

The undersigned appoints the Board of Directors, as the proxy of the undersigned, with power of substitution, to vote and otherwise represent the undersigned at the annual meeting of members of the Corporation at 12:30 p.m. on July 28, 2019, at the Community Center, Idlewild, Colfax County, New Mexico, and any adjournments thereof, with the same effect as if the undersigned were present and voting on the following matters and in the following manner.

- (1) The election of the above persons as directors of the Corporation to serve until the next annual meeting of members and until their successors are elected and qualified.
- (2) To vote or otherwise represent my membership on any other business or on other matters which should properly come before the meeting or any adjournments thereof according to its decision.

In the event this proxy is not returned to the Chairman, the membership represented by this proxy will be voted **FOR** each of the above persons and/or proposals.
